

## WHAT IS TSSA?

Tri-State Safety Association is a non-profit organization based in Wahpeton, ND that provides professional networking and training opportunities relating to workplace safety, health and environmental practices.

We are a group of professionals who welcome the opportunity to hear how other regional safety professionals go about their work and how they handle regulatory compliance issues. TSSA provides an open forum for members to network and share the latest information on new legislation, policies and the overall health and safety matters that may affect the work environment.

Our members are committed to enhancing and improving their safety knowledge and skills.

## MONTHLY MEETINGS

TSSA meetings are held the fourth Wednesday of each month from 11:30 a.m. to 1:00 p.m. Topics include guest speakers, round-table discussions, plant tours and more. Lunch is provided.

Non-members are welcome to attend any meeting for a small fee.
